

Dear Parents,

We are continuing our partnership with ETS to pilot online tests. Each of our students will be screened during their regular computer class one or two times throughout the year. No names or identifiable information will be attached to these tests. This partnership is a win/win for our school community – we assist ETS as they prepare online tests, our children get firsthand experience with online tests and we receive a stipend for each student who participates which allows us to expand our yearly technology budget. This year we have been able to purchase a new laptop cart, laptops and iPads with monies earned from last year's testing.

Please fill out the attached form and return to school as soon as possible. Thank you in advance for realizing the value of this experience for your child.

Gratefully,

A handwritten signature in cursive script that reads "Mrs. Reap".

Mrs. Anne Reap, Lower School Director
